Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 02 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Some showers today then turning dry and frosty at night.

Today:
Mostly dry with sunny periods at first. However, a few showers in the far west. Becoming cloudier with more widespread showers during the afternoon, although easternmost parts staying largely fine. Colder than average. Maximum temperature 6 deg C (43 deg F).

Tonight:
Showers easing in the west, leaving a mostly dry start to the night with clear spells and frost. Cloud increasing from the northeast later bringing patchy rain or sleet. Minimum temperature -6 deg C (21 deg F).

Sunday:
Often cloudy but with a few sunny intervals. Showers possible, particularly in the east, which could be wintry. Remaining colder than average. Maximum temperature 6 deg C (43 deg F).

Outlook for Monday to Wednesday:
Some rain possible on Monday after a dry start. Gales could affect the south coast. Tuesday and Wednesday mostly dry and bright. Staying cold.
